

press release

March 2010

Romex at Convergence Summit North

Romex took a stand at the annual Convergence Summit North Channel partner event which was on 16th-17th at GMEX Manchester and would like to thank all who attended and visited them over the two days. The Summit offered resellers the unique opportunity to meet with key suppliers from the voice and data integration markets all under one roof.

Jason Laight, Sales Director of Romex said: "2010 has begun very well for us as a company and we attended the event to further grow our network of indirect sales partners. We have just launched our new Lone Worker Protection Solution and new Teamfix options for customers so it gave us the opportunity to promote our new mobile application portfolio."

The innovative lone worker solution is unique in that it delivers pinpoint accuracy via the phones GPS and offers both red and yellow alerts for employees and can be self monitored or managed by a 24/7 Alarm Receiving Centre.
